APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights. A substantial headgate and weir must be installed and maintained to facilitate the measurement of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.4 cubic feet per second.

Actual construction work shall begin on or before April 24, 1925

Proof of commencement of work shall be filed before May 24, 1925

Work must be prosecuted with reasonable diligence and be completed on or before April 24, 1928

Proof of completion of work shall be filed before May 24, 1928

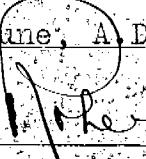

Application of water to beneficial use shall be made on or before

September 24, 1929. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 24, 1929

WITNESS MY HAND AND SEAL this 24th day

Filing of proofs under this permit abrogated by approval of #7142 to change the point of diversion herein described.

of June, A.D. 1924

Arthur V. Heller

State Engineer.
